TURK RAVAGERS STREW STREETS WITH CADAVERS

Hundreds of Bodies Lying
About in Smyrna While
Exodus Goes on.

VILLAGES IN FLAMES

Kemal's Invading Slayers
Open Reprisals Upon
Armenia, Report.

(By the Associated Press)
MALTA, Sept. 15.—Hundreds of bodies of victims of the Turkish massacre in Smyrna were lying in the streets of the city when the British hospital ship Maine left there with more than 400 refugees on board, it was stated by the Reuters' Smyrna correspondent who arrived here on the Maine today.

TURKS CARRY AMERICAN GIRLS FROM ACADEMY

(By the Associated Press)
LONDON, Sept. 15.—A semi-official message from Athens says it is alleged that Turks carried off the girls from the American girls college in Smyrna.

Reports have reached London that the Turks have commenced reprisals against the Armenians.

The Athens statement says the city's foreign trade suffered enormous losses from the fire, especially the branch or agencies of the big American tobacco houses, nearly all of whose stocks were destroyed. The total property loss is estimated at one billion francs.

Refugees arriving in Athens from Smyrna recounted the terrible stories regarding the state of the city, owing to the ferocity of the Turks. Immediately on their arrival the Kemalists gave themselves over to the massacre and robbery of the Christians and the warfts were littered with corpses. A Greek journalist was shot to death after being dragged through the streets tied to an automobile.

AMERICAN DESTROYER REMOVES REFUGEES

(By the Associated Press)
ATHENS, Sept. 15.—An American destroyer arrived yesterday from Smyrna with the American consul and several other American citizens, and numerous Armenian refugees.

A dispatch from Constantinople last night said all naturalized Americans in Smyrna were being taken to Athens, accompanied by George Horton, the American consul general, on board the torpedo boat destroyer Simpson.

BRITISH CABINET TO DISCUSS EASTERN TANGLE

(By the Associated Press)
LONDON, Sept. 15.—The British cabinet has been summoned to meet this afternoon, the principal object being to discuss the near eastern tangle.

It is believed the meeting will have before it the definite statements of the French and Italian governments indicating their respective attitudes towards the problem.

BRITISH WARN TURKS AGAINST MASSACRES

(By the Associated Press)
LONDON, Sept. 15.—The admiral commanding the British squadron at Smyrna has warned the Turkish authorities in the city that if massacres are continued the Turkish quarters will be bombarded, says an Exchange Telegraph dispatch from Athens.

TURK SHIPS CANNOT CROSS OVER TO EUROPE

(By the Associated Press)
LONDON, Sept. 15.—The British fleet has been instructed to allow no Turkish troops to cross from Asia to Europe, it was officially announced this evening.

NOTICE GAS CONSUMERS!

Your bill was due the 10th. After the 15th your meter may be disconnected, without notice, for non-payment and a charge of \$1.00 made for restoring service.

WOMAN CONDUCTS
U. S. CIVIL SERVICE

Mrs. F. L. Gardner.
For the first time in the history of the nation a woman has been in charge of the U. S. civil service commission in Washington. She's Mrs. F. L. Gardner. George R. Wales the other member, was temporarily absent.

PONCA ASKS ADA THERE FOR TILT

Oilers Refuse to Settle
Amateur Title Dispute
at O. C. or Tulsa.

Ponca Oilers, the fast baseball club from Ponca City that is now standing between Ada Independents and the state amateur baseball championship, are willing to play Ada, provided Ada will go to that place for a series of three games on September 29 and 30, and October 1, according to a letter received here today from the managers of the Oilers.

In his message to O. A. Green, of the local Independents, the Oilier chief said he was unwilling to play at either Oklahoma City or Tulsa. Tulsa, now supporting a pennant winning league club in the Western League, would not furnish a paying crowd, he believes, while Oklahoma City was not favored on account of the unfriendly feeling there towards Ada and Ponca City, because the two teams refused to take part in the state tournament at Anadarko, promoted by Okianoma City baseball men.

Oilers guaranteed expenses of the locals with a 60-40 privilege on a gate receipts which, it is estimated, will amount to \$1,000 or \$1,500. Green said today he would take his team to Ponca City for the championship series provided the Oilers make him a guarantee of a \$1,200 on the gate. If the series is matched, the team winning two games will have an undisputed right to the state title.

To Take Four Pitchers.

In case the locals go to Ponca City, four of the best pitchers available to amateur baseball will be on the staff. Paul Wanner, who holds the state amateur strike-out record, as well as several other records for batters and pitchers, Lefty Williams, one of the most effective left handers in amateur baseball, Frisco Vernon, the only right hander on the squad and one who pitches effective ball, and "Snipe" Connelly, a pitcher who knows the game and whom uses good headwork will go.

Woods and Osborn will also be on the line-up. Morrison, West, Thusen and Roach probably will complete the outfield. Wanner will also go into outfield on the days he is not in the box. Kaiser and Norman will assist Woods behind the plate. Rutledge, Fain, R. Wanner and Young, the iron-clad infield, will be in place.

SIR KNIGHTS, ATTENTION!

Regular Conclave of Ada Commandery No. 16, K. T., this evening at 7:30 o'clock. All Knights Templar are cordially invited to attend.—T. W. Rowzee, E. C.

A substitute for putty can be made from flour and oil mixed to proper consistency.

CHARITY BUDGET EXHAUSTED NOW SECRETARY SAYS

But Mrs. Snead Proceeds
With Work of Mercy in
Outstanding Cases.

COTTON FIELDS HELP

Unemployment in Country
Slightly Relieved by
New Fall Crops.

With relief funds totally exhausted, Pontotoc county Red Cross and United Charities will be compelled, for a time at least, to turn a deaf ear to calls for help from the county's destitute. Mrs. Orville Snead, Red Cross secretary, declared in a statement Friday.

Although the office will remain open and help given in every way possible, expenditure of money to help needy cases must await the raising of a new budget, which has been scheduled for next month by the charities' executive committee. Employment service for those destitute and needing work will be continued, Mrs. Snead said.

Opening of schools throughout the county has materially increased the calls upon charity, it is understood. Many families where the husband has been employed through the summer now find themselves unable to buy school clothing, books and supplies for their children, Mrs. Snead reports.

Aid Is Restricted

It has been the aim of the Red Cross office, however, to extend financial aid only where absolutely necessary as in many instances it has been observed that charity increases the spirit of dependence of families upon society.

In the rural sections cotton picking has afforded some relief to the unemployment situation, Mrs. Snead reports, but this will only be temporary and can scarcely be hoped to better the charity condition extensively.

While the Red Cross office is waiting for a new financial budget upon which to operate, Mrs. Snead has not been idle. She has turned her attention to organizing benevolent clubs to take care of outstanding cases of need through the county. Notable among such cases is one at Francis where an invalid boy is being enabled to secure a high school education through the cooperation of a club of ladies who are assisting him financially.

ANDERSON WINS HIGHEST PRIZE IN FAIR RACES

"Wild" Jim Anderson put his Chevrolet around, Pontotoc County Fair Grounds track fifteen times ahead of Kit Carson, driving a Buick, and won the county fair sweepstakes purse with comparative ease Thursday afternoon. Cecil Deal was his mechanic. Both cars had trouble and were forced into the pits before the end of the race, a broken steering rod delaying the Chevrolet and a blow-out checking the Buick.

In the opening race the red Ford racer owned by the fire boys was a sensation. It easily outstripped the Anderson Chevrolet and in fact was faster than any car that appeared on the track. Dudley Young was at the wheel and Jack Price rode with him.

T. L. Van Curen won the stock car race when C. H. Massey was forced out by a broken axle. Both were driving Dodge touring cars. Massey took the lead at the start and gained with every round. His terrific speed was too strenuous, however, and on the fourth round the accident occurred.

One of the largest crowds ever seen on the grounds witnessed the races, the first held in several years. Harness races will be featured this afternoon.

Oklahoma Weather

Tonight and Saturday partly cloudy, cooler in north and west portions tonight, cooled Saturday.

Sammy Rzeszewski, champion boy chess player, plays tennis, billiards and pocket billiards.

Bridegroom of 1 Month Kills Self Thursday

Noel Robertson, 23, a farmer living near Bebee, died at 8:30 p. m. Thursday from a gunshot wound, believed to have been self inflicted. The shooting took place at noon yesterday in Robertson's home. A .38 Colt's revolver was used, the bullet entering his head just above the right ear and coming out about two inches above the left ear. He lived more than eight hours after the shot was fired.

Robertson had been married one month yesterday. He farmed near Bebee this year and had just come in from the field. The revolver with which he was mortally wounded was kept in a cabinet. His wife was in the kitchen at the time, cooking the noon meal.

Robertson has a brother living near Bebee. Members of the family and neighbors refused to discuss the motive for the shooting, although it was indicated that Robertson had been worrying during the past few days.

Funeral services were to be held Friday afternoon at three o'clock in the Maxwell cemetery. It is not known whether the man made a statement before dying, as the attending physician and members of the family declined to discuss the matter.

HANGMAN TO BE AT WORK TODAY

Former Pastor to Spring
Death Trap a Second
Time in Week.

(By the Associated Press)
FT. MADISON, Sept. 15.—Winifred Robb, sheriff, preacher and soldier pulled the trap at 12 o'clock noon at Iowa prison here today which hanged Eugene Weeks, convicted of slaying a Des Moines grocer.

"I took the oath to perform the duties of a sheriff and I will not evade my duty today," the sheriff said. Robb was a chaplain of the 168th Infantry, Rainbow Division, during the world war. He was decorated with a Distinguished Service Medal for heroism.

Sheriff Robb received hundreds of letters from church members in all parts of the country imploring him not to act as hangman.

FT. MADISON, Iowa, Sept. 15.—The gallows used last Friday for Ira Peavey, today awaited Eugene Weeks, a Hartford, Conn., man, convicted of the murder of a Des Moines grocer during a holdup. Sheriff Robb, who resigned his pastorate when his duties necessitated presiding at an execution, was prepared to spring the trap.

The fate of Weeks has attracted interest in the state, largely because of the connection of Sheriff Robb with the scheduled hanging. In 1920, Rev. Robb was backed for sheriff of the county by church leaders in a "clean-up" campaign. He was pastor of the Federated church of a Des Moines suburb.

Weeks' wife, who testified against him and attempted to collect the \$2500 reward offered for his conviction, spent yesterday in the death cell with him, reading repentant poetry he had composed while awaiting execution.

The Ex-Soda Clerk
I was sick of jerking sodas,
No future seemed ahead,
When I got an inspiration
From a want ad that I read
All about a school of business
Where they had a class at night—
Well, that's the start that landed me
This job that suits me right.

HORSE RACES TO BE FEATURE FOR PROGRAM TODAY

Entertainment Events of
County Fair Draw Big
Crowds to Ground.

PRIZES ARE CHECKED

Livestock Entries Prove
Far Superior to Any
Previously Shown.

Two horse races were on the program at the county fair this afternoon, one a harness race and the other a quarter-mile running race. Some of the best in the racing line in the county has been entered.

Dan Glasgow, pacer; Diamond Bess, trotter; Beauty, pacer; Prince Leray, pacer, are horses entered in the harness race which is for a half-mile in three heats. It was to start at 2:30 p. m. The second race included a running race with San Antonio Johnie, owned by W. E. Escue; King Elkin, owned by G. W. Glasgow; Dutch, owned by Cris Peterson and Princess owned by Cris Peterson, entered.

A baseball game between Ada Regulars and City League was scheduled for 4 o'clock. Wray, R. Wanner, Young, Rutledge, Kaiser, West, Fain, Vernon and Reed were on the regular line-up. Kirkpatrick, Thompson, Loving, Harrison, Morrison, McCoy, Byrd, Brown, Norman and Call were on the city league line-up. Vernon was to pitch for the regulars and Morrison for the city league. Williams will pitch Sunday against Henryetta home run leaguers.

Three additional automobile races will be staged on the race track at the fair grounds Saturday afternoon, according to N. B. Stall, promoter for the Good Roads Motor Club. So much interest was shown in the opening races held yesterday that three additional races were matched.

The principal race will be one between Ducky Hurst and Kit Carson. Carson will use his Buick and Hurst a remodeled Chevrolet. A free for all in which several high powered cars will be entered will be staged also. Purses will be offered.

Stall said that so much interest was being shown in the races that his organization was seriously considering making it a regular thing. Races could be scheduled each week or so, he believes, with success. The track, which was in bad condition yesterday and greatly damaged the racing cars, was regarded today and will be in better shape for Saturday's races.

Judges Finish Work

Judges have completed their work on the fair exhibits and entry clerks are now checking up each person's winnings. The list will be published as soon as it has been completed. Three hundred and fifty individuals made entries.

The fair management states that the livestock entries are far ahead of those in any fair heretofore held here. There were not stalls enough for all the animals. The hog exhibit was unusually large. Lillard brothers of Oakman and Allen brothers of Lovelady were chief tenders for honours in the Duroc Jersey class, each having a considerable bunch on exhibit. The Floyd brothers and Charles Hill have largest exhibits of Poland China. Mr. Hill shipped in a bunch of gilts from Indiana some months ago and distributed them among a number of farmers to raise on the shares. Nineteen of the are at the fair. Several others have smaller numbers of the two breeds on exhibition.

The crowd has been good today and still more are expected tomorrow, the closing day.

POSTAL SAVINGS TAKE ADVANCE FOR AUGUST

(By the Associated Press)
WASHINGTON, Sept. 15.—Postal saving deposits took an upward swing during August, despite heavy withdrawals in mining and rail centers, according to the announcement by the post office department today.

GERMAN OPERA
COMING TO U. S.
FOR LONG TOUR

George Blumenthal.
Fulfilling the dying wish of Oscar Hammerstein, his friend, George Blumenthal of New York has just arranged for a tour of the country by a German opera company. Blumenthal believes the new opera will be popular at low prices.

SEIZE M'ALESTER ATTORNEY TODAY

Wilson is Arrested Upon
Embezzlement Charge:
May be Disbarred.

(By the Associated Press)
MCALISTER, Sept. 15.—L. E. Wilson, attorney of this city, was arrested at noon today by Chief of Police McNulty and held for Muskogee authorities at their request, on a charge of embezzlement.

Disbarment proceedings are pending against this attorney in the federal court because of the alleged collection of \$150 in addition to his fee on representation of Etta Thompson, according to authorities, that this sum to "fix" the United States district attorney at Muskogee when her husband, Harry Thompson, was arrested last spring for counterfeiting. Thompson's arrest occurred in McAlester and he was tried and convicted.

Attorney Wilson is alleged to have received his fee of \$200 in advance of the hearing and later, he collected the additional \$150, according to Mrs. Thompson. She told her story to J. C. Wilkerson, assistant United States attorney.

OKLAHOMA VETS WILL BE GUESTS OF TEXAS POSTS

Ada's former service men who attend the national American Legion convention which opens at New Orleans October 16 are due for "royal entertainment" enroute to and from the old southern city as well as while at the convention, according to information that has been conveyed to officers of Norman Howard post.

Houston and Galveston posts will entertain Oklahoma delegations with an all day sight-seeing tour on October 16. Ada legionnaires will leave here October 14. Upon their arrival in Houston at 5 a. m. on October 15 they will be met by members of the Houston post and taken to breakfast. Then they will be transported to Galveston for a day of entertainment on the beach.

At least 30 members of the local post will make the New Orleans trip, it is expected.

Pensacola Journal Sold to Oklahoma Publishers Today

PENSACOLA, Fla., Sept. 15.—The Pensacola Journal today was sold by Mrs. L. K. Mayes to John H. Perry, president of the American Press association, and Richard L. Jones, editor of the Tulsa, Okla., Tribune and the Jacksonville, Fla., Journal. Mrs. Mayes has conducted the Journal since her husband's death eight years ago. Perry and Jones are joint owners of the Tulsa Tribune and the Jacksonville Journal.

SERIOUS BLOCK THROWN IN WAY OF AGREEMENT

Dove of Peace in Strike
Move is Thwarted by
Leading Systems.

FLATLY REJECT PLAN

But Others Proceed With
Arrangements to Put
Men Back on Jobs.

(By the Associated Press)
CHICAGO, Sept. 15.—Refusal by a number of the country's biggest railroad systems to enter into the plan for ending the shopmen's strike on the basis of separate and individual agreements, developed an element of considerable uncertainty today over the effectiveness of the peace program.

While some of the larger systems had flatly rejected the plan, others, notably the Chicago and North-western and the Chicago, Milwaukee and St. Paul, had virtually arranged for restoration of strikers to their former jobs.

Negotiations were in progress with several roads in an effort by shop-craft system federation officials to effect additional settlements.

Among the largest systems said to have closed the door against the settlement plan today were: Union Pacific, Southern Pacific, Chicago, Rock Island and Pacific, Great Northern, Missouri, Kansas and Texas, Frisco, Santa Fe, and numerous others.

Daughterly Rushes Work.
Attorney General Daugherty's staff of lawyers in the injunction proceedings before Judge Wilkerson, speeded up efforts to complete their evidence presentation tomorrow.

New disorders included the bombing of the home of an assistant shop foreman in the Louisville and Nashville railroad shops at a suburb of Birmingham. Five members of the household escaped injury when the front of the house was wrecked.

Three alleged striking employees of the Chicago and Alton, convicted by a jury in federal court of violating an injunction, faced sentences at Kansas City today. The charges grew out of an alleged assault on two Alton employees August 28.

NEW YORK CENTRAL SIGNS PEACE TREATY

(By the Associated Press)
NEW YORK, Sept. 15.—The entire New York Central system today signed an agreement with its conductors and trainmen covering working conditions, wages and rules for one year beginning September 30.

The road said it anticipated that forthcoming direct negotiations would result in similar agreements with the engineers, firemen and switchmen on all its lines.

Holdenville Fails to Come for Games With Independents

When the Holdenville team failed to arrive for the two scheduled games to be played here during the county fair, local baseball men were unwilling to go without having a game, so today plans were being made for a tilt between the Clerks and American Legion.

It was said that Williams will pitch for the Legion and Vernon for the Clerks. All the regulars on the Independent club and several leading players in the city league will appear on the line-up today. A small admission will be charged. A large crowd was disappointed Thursday afternoon when it was announced that the Holdenville team, through a misunderstanding, had failed to arrive.

Today's game was also cancelled and the two local teams organized.

SPECIAL ATTENTION

The drawing for the big Ada Trade Day will be held tomorrow, Saturday afternoon, on North Broadway near the News Building. Every hold of trade day tickets is urged to be present, as one must be present in order to get a prize. Actual drawing will begin at 3 o'clock.

BIBLE THOUGHT FOR TODAY

GREATEST IN THE KINGDOM:—Whosoever therefore humbles himself as this little child, the same is greatest in the kingdom of heaven.—Matthew 18:4. NOT MEAT AND DRINK:—For the Kingdom of God is not meat and drink, but righteousness, and peace, and joy in the Holy Ghost.—Rom. 14:17.

HOT DAYS ON BETELGEUSE

Astronomers of the Smithsonian institution, who have been making observations at the Carnegie solar observatory at Mount Wilson, Cal., recently have succeeded in measuring the temperature of Betelgeuse, the largest known star. Its heat first was brought to a focus by a 100-inch telescope. The heat and light then passed through a prism and spread out in a rainbow-colored spectrum. The hotter a body is, the whiter and bluer is its light. The intensities of the colors of the spectrum enabled the astronomers to conclude that there is a protracted warm spell on Betelgeuse, its temperature measuring 10,000 degrees Centigrade.

It is improbable that there is any organic life on Betelgeuse, but if there is, the natives doubtless have chased the weather observers out of town. Every office is equipped with a 10,000 horsepower motor, driving an electric fan. Seven tons of ice are consumed at the average soda fountain in efforts to keep the phosphates below the boiling point. Housewives complain the butter is soft and the cream sour. Old-timers sit around and tell of the hot August in '78, when the thermometer registered 12,238 degrees. The question, "Is it hot enough for you?" is asked millions of times daily. Everybody goes about in his shirt sleeves and theaters advertise their cooling systems.

Kansas City the other day complained of a measly little 102-degree temperature, measured on a Fahrenheit thermometer, at that. Think of Betelgeuse, where asbestos summer clothing probably is in vogue, where the only thermometer big enough to measure the temperature is 100 feet high, where a coal strike causes not one minute's worry and where the national anthem is the Betelgeusan version of "A Hot Time."—Kansas City Journal.

It is reported that former senator Lorimer of Illinois is now in a South American country trying, in spite of broken health, to make another fortune and to pay off the people who lost their money in the failure of the banks of which Lorimer was head. The public has almost forgotten Lorimer, so completely had he dropped from notice, but this report recalls a very spectacular career of a few years ago when Lorimer was not only wealthy but the boss of Republican politics in Illinois. From the lower house of congress he went to the senate but was ousted because of crooked methods employed to secure his election. This proved to be his start down the toboggan slide. Not long afterwards his banks failed and he was within the shadow of the penitentiary for some time. Escaping conviction he set about to retrieve his fortunes but with the increasing weight of years he is said to be coming back but slowly. However, his determination to repay the losses of the people who lost through him is most commendable and it is to be hoped that he may succeed in this laudable undertaking. Lorimer's case is another instance of retribution finally overtaking the man who depends on crooked methods in attaining his ambitions.

Evidently business, except in places where local conditions affect it adversely, is much improved over a year ago. We no longer read much about unemployment problems and prices are holding up. Farm products are no longer on the down grade and it looks as if the country in general is getting back to its normal state. The settlement of the coal and railroad strikes a threatened calamity to business is being removed and business of all kinds may be expected to pick up rapidly.

Senator Townsend won the nomination to succeed himself. The Newberry case was made the issue of the campaign and by nominating Townsend a majority of the Republicans of Michigan placed their O. K. on Newberry. Townsend supported Newberry and voted for him to retain his seat when the senate took a vote on ousting him.

In Texas the Republicans are bidding for the anti-Klan vote of the Democratic party and in Oklahoma they are trying to rope in the conservative element which voted against Walton in the primary. It seems to be a matter of vote catching in which any issue will answer for bait to catch the unwary.

It is said that the ex-Kaiser's memoirs will be sold in Germany at 15 cents per copy. Pretty good evidence that times have really changed in Germany. However, it may be that even 15 cents is a high price for what the readers will get.

Let a NEWS WANT AD get it for you.

The Forum of the Press

Prohibition Gaining Ground.

(Port Worth Record)

In his report to the federal prohibition commissioner the federal director of prohibition for Ohio says that "in certain courts a charge of violation of the prohibition law is almost equivalent to conviction."

This statement must not be construed to mean that convictions result only in certain courts, for just previously he reports that "the attitude of courts and juries toward enforcement of this law is all that could be expected in the administration of human affairs."

Here are the figures submitted, by which it may be judged whether the courts and juries of Ohio have done much to assist in stamping out various methods of violating the prohibition law:

Since Sept. 1, 1921, alleged violators of the law have been arrested to the number of 2,316, fines amounting to \$600,000 have been assessed and collected and assessments of internal revenue taxes in the sum of \$2,375,404 have been made.

Since human nature is pretty much the same everywhere, it is fair to assume that, conditions and environments considered, the same ratio of prosecutions and convictions holds good in other states of the Union. This, too, may be said—that a large majority of the offenders against the prohibition law are old offenders against temperance and old defenders of anti-pro legislation, and as the days go by their numbers become fewer and fewer. This may be said of Texas just as of Ohio or any other state.

Republican Discontent.

(Chickasha Express)

In addition to the disapproval which has been manifested in many of the primaries, the republican leaders are receiving other evidence to the effect that party adherents are not entirely pleased with the way things have been going in Washington. Appeals for campaign contributions have been going out from Milton E. Ailes, treasurer of the republican congressional committee, and some of the replies have not been framed and posted on the walls of the committee's office. For that matter, not all of them have been sent out by the party's press agents. For example, Charles M. Warner, president of the Warner Sugar Refining company and also head of the Warner-Quinn Asphalt company, received one of the letters and he sent Mr. Ailes a very interesting reply. His answer was as follows:

"My dear Mr. Ailes: I have your letter of August 9, in which you ask my co-operation to secure the election of a republican congress in November. I have voted the republican ticket for fifty-five years and have made contributions whenever requested by the republican party."

"You ask me if I have observed that the democrats, true to form, are basing their hopes on 'discontent' and 'dissatisfaction.' Haven't they a right to feel discontented and dissatisfied?"

"What has the republican congress done to cheapen the cost of living? What pledge has it redeemed?"

"You are trying to bring the cost of labor down, but how can you expect to accomplish this and satisfy the workman if you keep the cost of living up? You may think I talk this way because I am president of one of the largest independent cane sugar refining companies. I plead 'guilty.' My company is anxious to serve the consumer of sugar with a cheap article. I am discontented and dissatisfied in seeing a little clique in congress passing a tariff wholly unnecessary, having no other purpose than to make the public pay, and for no other reason than to let certain interests fatten at the public expense."

"I think the people are disgusted with the present performances of the republican party, as exemplified by its administration, and the only way these republicans, who are now drunk with power, can be disciplined is to elect democratic congressmen to office."

A Nation for 150 Years.

(Kansas City Journal)

Philadelphia is making plans for the exposition celebrating the 150th anniversary of American independence. It had been proposed that the date be postponed, but this plan was rejected and the exposition will be held in 1924.

In that year the nation will have been in existence only a century and a half. Financially, socially and economically, the United States ranks with or ahead of the rest of the world. Yet in the matter of years it is a mere child in the family of nations—a child that has grown so rapidly that many of its elders are looking to it for assistance and advice.

When Washington, Adams, Jefferson and Franklin were struggling to establish the nation on a sound basis, Europe had already worn out one form of government and was seeking another. Surveying the history of this country and comparing it with that of Europe, one must agree with John Bassett Moore that the real history of America is for future making, and that the events of the past have been but preliminaries to an existence to be replete with accomplishment.

There are many living today who can remember the Centennial exposition in Philadelphia in 1876. The new West had just begun to expand at that time. Many of the Western states had not been admitted to the Union. The Bell telephone on display at the exposition, was a contraption that merely attracted the curious. Railroads extending from the East

were few and financially weak, but they carried thousands of homeseekers, seeking the advantages of government land policies. Kansas City had hardly come into being—it was merely a large town, but ambitious for commercial supremacy.

A great deal of water has indeed run under the bridge since then. In a short fifty years, a great agricultural empire has sprung up in the West, accompanied by corresponding increases in industrial activity in the East. Inventions and discoveries that in 1876 were marvels of the century are now looked upon as commonplace necessities.

Fortunate, indeed, will be the person who will be able to compare, when the 200th anniversary is celebrated, the institutions of that time and those of today. The human conception of possibilities, it has been demonstrated, is very narrow. No one can picture accurately the America of 1976, any more than the pioneers of 1876 foresaw the complete possibilities of the fifty years that were to follow.

States to Exchange Favor on Reception of Their Engineers

(By the Associated Press)

CHICAGO—An arrangement between states which would permit an engineer registered in one state to practice in other states will be broached at a meeting of the Council of State Boards of Engineering Examiners to be held here October 2, according to C. S. Hammatt of Jacksonville, Fla., president of the council.

"A tentative plan will be submitted at the meeting," he continued, "whereby the several state boards can make the state laws operative for reciprocal registration without changing them."

The states represented in the council comprise Arizona, Colorado, Florida, Idaho, Illinois, Indiana, Iowa, Louisiana, Michigan, Minnesota, New Jersey, New York, North Carolina, Oregon, Pennsylvania, South Dakota, South Carolina, Tennessee, Virginia, West Virginia and Wyoming.

With the announcement of the meeting comes a statement from the offices here of the American Association of Engineers that the committee on the classification of engineering positions has issued its first report. The committee, headed by A. B. McDaniel, educational specialist in the United States war department, is preparing an occupational index of engineering positions in the United States. Its program, according to the statement, includes the sending of questionnaires to at least fifty practicing engineers in each position to be studied, and criticized by members of the profession of preliminary specifications for publication.

WIFE HELPS ELECT HUSBY

"After having been in bed half the time for a year with severe pains in my right side over the appendix, stomach trouble and bloating, which the doctors seemed unable to reach with medicine, and advised operation as the only remedy, my nurse advised me to try Mayr's Wonderful Remedy, and its results have truly been wonderful, as I am now entirely well and strong, and at the last election worked hard to elect my husband." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

DEMPEY ENGAGED TO THIS BEAUTY? RUMOR SAYS SO

Miss Mae Devereaux.

Dame Rumor now has it that when Jack Dempsey joins the beneficiaries—which he has been on the verge of doing quite often, according to reports—his bride will be Miss Mae Devereaux, New York Winter Garden show girl. She is a sister of Eddie O'Hare, Dempsey's sparring partner. Miss Devereaux just smiles when asked about the rumor.

Mrs. Witherspoon will be remembered as formerly Miss Emma Thompson who was reared in Ada where she received her education in the city schools. Mr. Witherspoon is a veteran of the world war, having served as a lieutenant of artillery. He was among the few promoted from that rank to lieutenant colonel and was on the staff of General Bullard.

Paul Waner to Hurl for Healdton Squad in Anadarko Battle

Paul Waner, playing with Healdton in the Anadarko Oklahoma cup series, will pitch his only game of the tournament Saturday against Anadarko, according to word received here today. Anadarko has scored two shut-outs in the tournament and Healdton has eliminated its two opponents, one being a shut-out. Ada's star southpaw is expected to be in great form tomorrow when he goes against the Anadarko men. He scored a 7-0 shut-out over the same team when it appeared here recently. Only one man got to second base while he was pitching. Fans here are anxiously watching the results of the youngster's efforts.

Mrs. Miers Entertains
Mrs. Clint Miers entertained a few friends at her home Thursday afternoon from 4 to 6 in honor of her little daughter's fourth birthday. A jolly time was spent in playing games. Tempting refreshments consisting of a beautiful birthday cake decorated with four candles, and ice cream were served. Those present were Christine Cope, Jaunita Strickland, Ella Mae Ueltschey, Mildred Settles, Thelma Harris, Carmell Miers, Sam Bradley, Alan and Alfred Martin and Coral Anderson.

SPEED FIENDS PREPARING TO ENTER CLASSIC

KANSAS CITY, Sept. 15.—Seventeen starters were scheduled to enter the preliminaries here today preparatory to the 300-miles automobile speed classic to be staged tomorrow on Kansas City's new mile and a quarter board track. A speed of 105 miles an hour is necessary to qualify.

A purse of \$30,000 will be distributed among the winners in tomorrow's race, \$10,000 of which will go to the driver making the 240 laps in the best time.

Filipino Lad Wins Flyweight Belt in Victory Over Biff

NEW YORK, Sept. 15.—Pancho Villa, sensational Filipino boxer who won the American flyweight championship last night by scoring a technical knock-out over Johnnie Biff of Jersey City, in the eleventh round of a 15-round match at Ebbetts Field, will seek a match with Jimmy Wild of England for the world's title.

Villa demonstrated his superiority over the best of the American 112 pounders by out-boxing and out-pointing Biff decisively.

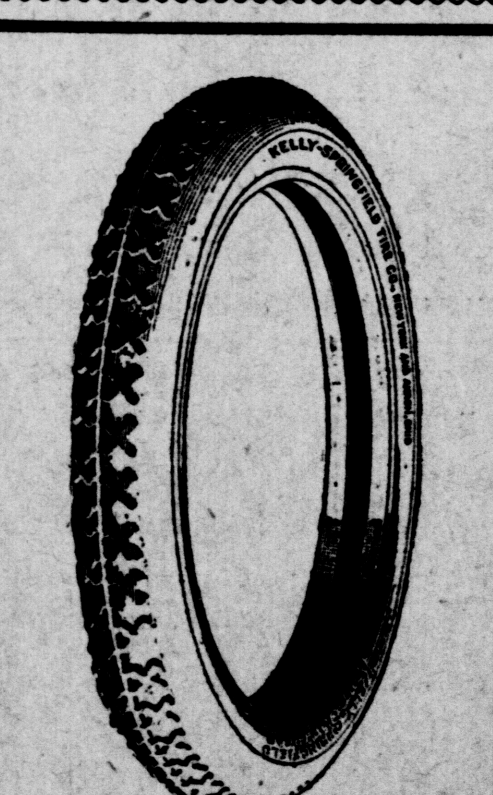

AMERICAN MAJOR OFF TO GERMANY TO BUILD "ZEP"

(By the Associated Press)
BELLEVILLE, Ill., Sept. 15.—Major Frank Kennedy who has been stationed at Scott Field, the government flying field near here, since September 25, 1921, departed for Germany today where he will supervise the construction of a great zeppelin that is to be built by Germany for the United States. His wife and son accompanied him. It has been proposed to give the zeppelin, which is to be built for the United States army, a thorough try-out by flying from Germany, where the monster is to be built, to the United States. The airship, it has been estimated, will be ready for such a flight in about a year.

AMERICAN BAR TENDERS MAY LOSE JAUREZ JOBS

(By the Associated Press)
EL PASO, Sept. 15.—American bar tenders employed in Jaurez will lose their jobs, if a bill pending before the Chihuahua legislature becomes law. The measure provides that only Mexican citizens may be so employed. Existing law requires that one-half of the employees must be Mexican citizens.

NATION GRIEVES THAT EVA BOOTH WILL BE FIRED

(By the Associated Press)
NEW YORK, Sept. 15.—Expressions of regret at the removal of Commander Evangelina Booth as head of the Salvation Army in America at a date yet to be fixed, today were universal. Miss Booth received notice of her impending removal through a radiogram from her brother, General Bramwell Booth, supreme head of the organization with the headquarters in London.

"I shall obey the order," she said today. "I have cabelled my brother for further information."

The only previous intimation that she was to be recalled from the position was two years ago, Miss Booth said, when her brother told her that "you cannot expect to remain at the head of the organization all the rest of your life."

She has been commander of the organization in America 18 years.

THE STORM IS COMING

A FALL OPENING OF New Suits AT SUCH LOW PRICES that makes it in reality a sale

—With strick candor, we can say, never has there been here such an inceptive display of new suits as there is now at these prices. Styles and fabrics are as much different from other past seasons as there is difference between black and white. But the main interest of our grand opening is our huge variety, represented at unheard of low prices. We ask you to compare ours with others.

at \$19.75

(1 pant suits)

—Suits in this range would make us perfectly justifiable in pricing at \$25. And bear in mind that we vouch for not a one of these being 'sweat shop' suits—we emphatically refuse to buy such made suits no matter what the price may be.

—Models for conservative men and young men. Fabrics—hard finish—Serges—Flannels—Mixtures—Stripes in Worsteds.

at \$25

(2 pant suits)

Frankly, we do not think you are able to buy such quality suits with two pairs pants like we show you, in Ada. We believe you will agree with us upon investigation.

—Models for men of all ages—Fabrics in beautiful new browns and blues, some stripes—Mixtures—Norfolks—Serges—Worsteds.

STEIN-BLOCH SMART CLOTHES

Saying only a little of these wonderful clothes, but inviting you to come and determine for yourself that there is none better made. To the men who are looking for suits of this quality tailoring we can show them a pleasing array of new Fall fabrics and styles. The models, Saxon and Townley, as predicted by the Fashion Couturiers of Fifth Avenue, will be leading ones for this season.

Goodbye Boils!

S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano—your blood is so chock full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-cleansers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it clears the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known. Try it.

YANK TOURISTS ARE DISGUSTED

European Inquisitions Rob Foreign Travel of All of Its Joy.

OLDENZAAL, HOLLAND, Sept. 15.—"It isn't the same old Europe. I am going to stay at home next summer," a tired, middle-aged American woman exclaimed after she had finished a three-hour endurance test necessary to work through the customs and passport control at Ben-heim, Germany, and had finally filtered through the Dutch control at Oldenzaal and found a place in the train bound for The Hague.

"I am used to travelling. I know enough German and French to take care of language difficulties, but this post-war passport and customs business is too much for me," the woman continued. "I have been in Italy, Yugoslavia, Austria, Czechoslovakia, Bavaria, France and Germany since May, and my nerves are all frayed out by border annoyances. Travel in Europe isn't pleasant any more. It's an endless chase for visas and police papers and a battle royal with border officials, usually at three o'clock in the morning, and this year it has generally been in the rain."

The Benheim and Oldenzaal frontier is neither any worse nor any better than most of the other crossings into Germany. Travelers to and from Denmark, Switzerland, Poland, France and Czechoslovakia have much the same struggle that takes place daily on this border. Belgium is the only country in Western Europe which has waived all passport regulations and is apparently striving to make the life of tourists easier.

Too Many Boundaries
So a description of this American woman's experience in making her way from Germany into Holland is typical of what travelers encounter at nearly every boundary and boundaries have been created with amazing speed since the world was last in peace.

To begin with, this American woman put in half a day in Berlin checking herself out with the police, and obtaining a Dutch visa, and she had to do this personally. It was not possible to have a commissioner from the hotel attend to these formalities. Also she had to delay her departure for two days because it was impossible to get sleeping accommodations, and if she had taken a day train the struggle with customs and passport control would have been at night, an ordeal which experience in Southern Europe had taught her to avoid if possible.

At Benheim all the passengers were ordered out of the train with their luggage and slowly filtered through a passport control. Then they submitted their hand luggage to examiners and were passed one by one through a closed booth where inspectors asked them how much money they had. In some cases they made personal search of the passengers. Passengers then opened their checked luggage which was all unloaded on the station. They were then passed through another control to make sure their hand luggage all bore inspectors' stamps and were permitted to enter a crowded waiting room where there were no seats enough for one-tenth of the travelers. After a delay of nearly two hours, and lengthy discussions with women who were charged with having purchased new wearing apparel in Germany, all the passengers for the Dutch train were admitted into the stifling waiting room. The doors were then thrown open and the passengers allowed to reenter the train.

Another Hour Gone
Fifteen minutes away, at this place, the performance was much the same. Again all the luggage and passengers were unloaded and queues moved slowly through the customs station. Dutch passport officials examine passengers' papers on the trains and save much time in that way. But it took nearly an hour to get through the luggage.

Three hours in all elapsed between the stop at Benheim and the resumption of the trip, and most of the passengers stood all that time. The search of men's luggage seemed to be chiefly for tobacco or cigarettes. At least that was what the inspectors asked about particularly. The luggage of men apparently yielded little contraband and was searched far less diligently than that of women.

American tourists are very much annoyed by the \$10 visa fee which European countries impose on Americans in retaliation for the charge made by the United States. The weary American woman at Oldenzaal mentioned this: "The worst of it all is that one can't complain about the ridiculous passport charges. We know that Americans deserve to be given a dose of their own medicine. But there is one congressman in New Jersey who will get a piece of my mind when I get home. The high charges initiated by the United States have made the passport business so profitable in many of the smaller European countries that a bureaucracy has been built up about passport offices which can't be broken down very easily. And we American tourists pay the bill and suffer the inconvenience. I should like to see every member of Congress who voted for this \$10 fee forced to go through all I have gone through since May in this passport business."

NEWS NOTES FROM MOVIELAND

Natalie Johnson.

There are two well known schools which train stage professionals for successful careers. One is burlesque which has trained many of the headliners and topnotchers in the business today and the other is the Ziegfeld chorus which has probably supplied more beauty and talent to the present day screen than any other one institution unless it was the old Biograph company.

WOMEN REPLACE MALE GAMBLERS ON OCEAN LINER

(By the Associated Press)
NEW YORK, Sept. 14.—Women are replacing men gamblers aboard ocean liners.

"Little Eddie" Mallon, the watchdog of the piers, whose job is to "spot" sea going gamblers, is an authority for the statement. He says the men claim they are going straight because they have found that travelers are too careful and ship's officers too watchful. Most of the gamblers, says Mallon, came to that conclusion just about the time a White Star captain sent a well known gambler to the detention hospital aboard his ship following a spirited little party in the smoking room, when fists were brought into action.

But when men have dropped cards and dice, women have taken them up. The women are known to Eddie and to other detectives who help him watch the piers, but the problem is to catch them.

One big liner recently came into port, and Eddie, as usual, met it at Quarantine. He lost himself as soon as he was aboard. But by the time the liner had reached the pier, he popped into view, sore and disgusted, with disappointment easy to read in his face.

"I lost 'the Dutchess' again," he grumbled.

His story was brief. He had received a wireless tip that there was a woman aboard, aristocratic and cultured; that she had been very sweet to several of the men passengers; that she had reluctantly consented to play bridge every night at sea; that she had collected rather heavily at the end of each sitting.

"I talked to about five men about her," continued Eddie, "and not one would complain. She was a woman, they said, and they were not willing to accuse a woman of cheating at cards. So I had to let 'the Dutchess' come ashore and she has just passed her baggage. She will probably be back on the French line next week, laughing at me."

"That's the big trouble now. We could beat the men at the game, but now men passengers who have lost either won't admit a woman could outwit them, or else they won't complain. The women are getting away with it simply because they are women."

In District Court.
Recent cases filed in the district court include: Effie Kimbrough vs. O. M. Kimbrough, divorce; Standard Savings and Loan Association vs. Walter E. Brinlee et al, foreclosure of mortgage; Andrew Clayton vs. C. E. Schaft, receiver M. K. & T. railway, judgment; Hancock and McKinley vs. receiver M. K. & T., judgment; Farmers Gin company vs. receiver M. K. & T., judgment; Morgan Tire company vs. receiver M. K. & T., judgment; P. H. Adams and company vs. receiver M. K. & T., judgment.

A-1 FILLING STATION

MINE MULES TO PASS OFF STAGE AS DID DOBBIN

(By the Associated Press)
WEST FRANKFURT, Ill., Sept. 14.—The mine mule, whose history dates back to the days of early coal mining in southern Illinois, gradually is disappearing just as is OIG Dobbin, the once familiar dray horse. With the gradual disappearance of the faithful "hard tail," old miners are preserving for posterity tales of pathos and sympathy for the once essential draft animal of the mining industry.

Stories picturing the mule going blind by constantly being kept underground and picturing the colt born far below the surface are discounted by the more truth-loving miners as fairy tales and by the mine operators as stories whose design is to lead a touch of romance to the early history of coal mining.

The modern mine finds use for only one mule, that for the distribution of powder after the miners have been hoisted to the surface. This mule is lowered to the bottom of the shaft, but brought back up after completing its work and is cared for in a stable above ground. Electrical power is used almost exclusively for hauling coal carts under ground.

In mines where the mule still is used extensively the animals are brought to the surface frequently. In rare instances, it is said, are the mules kept in the pits for any length of time. When work in the mines is suspended, it is a general custom to bring the animals to the surface where they are kept in pastures until the mines resume operation.

The only animals known to breed in the shafts and pits are rats and mice. These little rodents, however, are often made pets of the miners for the reason that their presence indicates absence of gas pockets. As long as the mouse or rat slips about a certain place, the miner is certain to be free of the gas danger.

The congressional library is the largest in the western hemisphere, containing more than 2,500,000 bound volumes.

McSwain Theatre

When "Under Oath" comes to the McSwain theatre today Elaine Hammerstein fans will have a chance to see their favorite star at her best.

Hammerstein productions, the star is said to be furnished with a role that not alone provides a glittering frame for her rare charm, but one that exacts of her art in such a way as to easily establish it as one of the greatest of her many fine performances.

In "Under Oath" the star is aided and abetted by such prominent players as Niles Welch, Mahlon Hamilton and Wallace Mac Donald. The production was directed by George Archambaud, well-known for such pictures as "The Man of Stone," "Clay Dollars," "Evilence," etc.

Edward J. Montagne was responsible for both the story and scenario.

Exercise will prolong life, but so many of those who have time to exercise are not worth prolonging.

CHOCTAW COTTON OIL COMPANY

MANUFACTURERS OF COTTONSEED PRODUCTS

Ada, Oklahoma

New Crop Cotton Seed Meal and Hulls

Don't feed raw cotton seed. Let us exchange Cotton Seed Meal and Hulls with you for them. On basis of the present market, we offer you 4,000 pounds of Cotton Seed Meal and Hulls—that is 3,500 pounds of Hulls and 500 pounds of Meal for a ton of cotton seed.

A ton of cotton seed contains 150 pounds of dirt, trash, burs and foreign matter, totally unfit for feeding; and about 250 pounds of oil which is undesirable for feeding; leaving only about 1,600 pounds of hulls and kernels (in a raw state), and this badly proportioned for good results.

Cotton Seed Hulls have more nutritive value than common hay, are more convenient to handle, are free from dust or foreign matter, and are healthful and appetizing.

Cotton Seed meal is the richest and most concentrated feed known. It has

ADA COTTON OIL MILL

J. H. PATTON, Manager

about six times the nutritive value (protein content) of corn, and more than four times that of wheat bran. Mixed in proper proportions, it forms a balanced ration and gives better results than any other feed known.

If any of our farmer friends have never tried this mixture, we invite them to catch the seed out of a bale of cotton and exchange it with us on the above basis; that is, two pounds of Cotton Seed Meal and Hulls in the above proportion, for one pound of cotton seed, and if after giving it a fair trial you decide it is not a better feed, pound for pound, than cotton seed, we will pay you for the cotton seed delivered to us and charge you nothing for the Meal and Hulls delivered to you. You are to be the sole judge, and there will be no back talk from us.

Students of College are Special Guests at Revival Meeting

College night featured Thursday's services at the Presbyterian revival in the unfinished church where a meeting has been in progress almost two weeks. A large number of East Central students were present and occupied a block of reserved seats.

Tonight is Ada high school night at the meeting. The sermon subject will be "A Prisoner of War Who Became Prime Minister in the Land of His Captors." Rev. Charles L. Widney, new Episcopal minister here, will preach Saturday night. Dr. E. O. Whitwell, Presbyterian pastor, will deliver the closing sermon Sunday night on "God's Word vs. Satan's." The 11 o'clock service Sunday will be in the City Hall.

OBITUARY

Mrs. Mary Post, age 74 years, died at the home of her son, John Post, near Oakman yesterday afternoon. Funeral services will be held at the home this afternoon and interment in the Oakman cemetery.

MAXWELL SCHOOL HOUSE DEDICATION POSTPONED

Mack Fleming informs the News that the dedication of the new school house at Maxwell, which was set for Sunday, has been indefinitely postponed. When the plans were made it was thought that the building would be completed by this time, but as it will take more time to finish the job it was necessary to postpone the dedication.

JONES CHAPEL

Isn't Your Land-lord Making Money?

Undoubtedly he's making a handsome profit on the money you pay him every month for the privilege of temporarily occupying his house.

Why not do away with the stack of worthless rent receipts you are accumulating. Become your own land-lord.

Money paid for rent will easily meet the small monthly payment on a home of your own. When you have finished paying for your home, ALL the profit will be yours.

We lend money to build, to buy a home, or to repair or pay the mortgage off on the one you now own. Winter months are coming and no doubt the home might need some repairing. We have plenty of money and can pay out at once.

It is time of the year when you should look into your insurance policies and see that you are protected against the fires that always come in the winter. A step to the telephone will bring our insurance expert to you at once.

B. SCHIENBERG & SON

Farmers' Column
By Byron Norrell

A chigger is not much for size but when it comes to getting action he is capable of making his presence known. The government agents have been looking into his habits lately and declare that he has a great aversion to sulphur and if one dusts his body with sulphur occasionally he will escape the attacks of the annoying little insects.

If anyone doubted that the club boys and girls of the county have been busy this year, the fair exhibits of these young people will quickly dissipate such an impression. Both in quantity and quality the club members are there with the goods all along the line. It shows that they are not only learning the best methods in theory but are putting their knowledge into actual practice.

W. H. Summers, who lives five miles southwest of Ada, has brought nearly 40 loads of melons to town this season and says he has done very well in selling them. He also did well with them last year.

Good country butter and eggs are scarce in Ada just now. As many are too busy in their cotton fields to bring their produce to town. Those who have time to do so should find a ready market for good stuff.

T. T. Gay, who lives five or six miles southwest of Ada, was a caller at the News office a few days ago. Mr. Gay terraced his field last spring and expects to do still more work in this line as soon as he can get around to it. He said that he has nine acres of cotton and will get two bales.

Pumpkin Drop Cookies.—For 2 c. stewed and strained pumpkin take 1 1/4 c. sugar; 4 tsp. baking powder; 1 tsp. cinnamon; 1-2 tsp. ginger; 1-2 tsp. salt; 2 eggs; 1-2 cup milk; 1-4 c. cream. Mix ingredients in order given and pour into custard molds. Set molds in a pan of hot water and bake like other custards in a moderate oven, until when cut with a knife the knife comes out clean. Serve cold with cream.

Pumpkin Fondue.—Bake or steam pumpkin. Remove pulp and rub through colander. To 1 c. pumpkin pulp add 1 c. soft bread crumbs; 2-3 c. sugar; 1 tsp. cinnamon; 1-4 tsp. ginger; 1-2 tsp. salt; 1 c. milk; yolk of 2 eggs beaten until thick and lemon colored. Mix ingredients thoroughly and then fold in the whites of 2 eggs beaten stiff and dry. Bake like a custard and serve with cream.

Pumpkin Pickle.—Pare the pumpkins carefully, leaving out all soft or stringy parts, then cut into pieces about 1 or 2 inches square. Soak over night in vinegar, salt and water. Just enough vinegar and salt to make a good flavor. The next day add 4 lbs. sugar and 1 pt. vinegar to every 7 pounds fruit and let simmer on the back of the stove for a long time without stirring. Flavor with sliced lemon and ginger root. Fill into jars and seal while hot.

DIRIGIBLE HOPS OFF ON AKRON-DAYTON FLIGHT

(By the Associated Press)

AKRON, O., Sept. 15.—The dirigible C-2 left Wingfoot Aviation station here at 9:52 o'clock this morning for Dayton.

Announcement was made by Major Strauss, flight commander, before leaving Akron that he would take the huge bag over Dayton before landing at Wilburton Field. From Dayton the C-2 will go to St. Louis.

**WIMBISH NAMES
COMMITTEE TO
ADVANCE PARTY**

Committees to carry standards of the democratic party in Pontotoc county in preparing for the November election have been appointed by County Chairman Robert Wimbish.

At a meeting of all county democratic nominees, including candidates for representative, state senator and district judge, called by Chairman Wimbish last Saturday, the following selections were ratified:

Organization: George Harrison, Ada, chairman; T. T. Strong, Egypt; J. O. McMinn, Ada.

Publicity: L. R. Clark, Ada, chairman; J. W. Davis, Allen; Joe Roff, Roff.

Finance: W. M. Pegg, Ada; John G. James, Roff; Jim Denton, Stone-wall.

Speakers committee: D. W. Huff, Ada; Fred Brydia, Ada; Tal Crawford, Ada.

Woman's committee: Dr. Catherine Brydia, Ada; Mrs. Clay Jones, Roff; and Mrs. Leonard Braly, Ada.

**RACE TRACK FANS BET
HEAVILY UPON CONTENTS**

VICTORIA, British Columbia, Sept. 15.—Race track fans bet \$4,058,865 through pari-mutuel machines during the four weeks of racing at two Van Couver tracks, according to figures released by the minister of finance.

The provisional government through a five per cent tax collected \$205,794.92. The cost of collection was only \$12,998.78.

A vessel drawing ten feet rises two inches in passing from fresh water to salt.

**Ironized Yeast
Brings Marvelous
Beauty to Skin**

Science Now Proves How Complexion is Quickly Beautified Through the Blood

There is nothing in the world today which is producing such a sensation as this simple discovery! Pick out anyone who has healthy rosy cheeks and a ravishingly beautiful complexion, and you have picked out an individual whose blood

"Ironized Yeast Has Cleared My Skin Quickly and Gloriously!"

is rich with vitamins and iron. This recipe of Nature, "Ironized Yeast," is now being used by thousands of men and women with startling, yet perfectly natural, results. It gives you yeast-vitamins-ironized, containing iron in the form in which it exists in the human body. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Muddiness, that great beauty robber, gives way to a lily-purity which nothing else on earth can produce. Fimples, blackheads, spots, eruptions? They become practically an impossibility! Rosy cheeks, firmer and younger looking skin, rose-petal purity, velvety softness—all natural! Imagine such a skin further beautified by your favorite cream and powder. To think of it is lovely. To have it, a modern miracle! Begin taking Ironized Yeast today. There is only one Ironized Yeast in the world, sold by all druggists at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Try only by Ironized Yeast Co., Atlanta, Ga. Get ready to be supremely happy.

With the Women of Today
By EDITH MORIARTY

Several books have been written on "Opportunities for Women in the Business World," and several surveys have been made of the branches of work now done by women in various parts of the world, but none of these efforts have made mention of Miss Ida Viehmann's job. Miss Viehmann looks like a smiling clerk in a yarn or sweater department when she is surrounded by raw wool and yarn in glass cases, on cards and in boxes.

What she really does, however, is work for Uncle Sam in the department of agriculture. It is her job to make up attractive samples of the different grades of wool to be sent out to the wool trade. Her co-workers in the department say Miss Viehmann knows more about wool than a whole flock of sheep.

URGES EQUAL RIGHTS FOR MEN

Mrs. Oliver Strachey of London will run on an independent ticket for a seat in the British parliament at the next election. She has a unique platform, holding that some things done by men can be done equally well by women and that many tasks hitherto monopolized by women can be done much better by men who are not fit to do other things. Among these she mentions scrubbing and washing clothes and other household work.

WOMEN IN INDIA ORGANIZE

Women workers in India have taken their first formal step toward organization. They recently held a mass meeting in Bombay under the direction of the Trade Union Congress of India. A general secretary was elected and it was decided that the new body should be

Miss Ida Viehmann.

affiliated with the International Congress of Working Women. The need for such an organization was emphasized by reports of living and working conditions of women and the difficulties encountered by the young trade union movement in India.

AUSTRALIA PROMISES

Mr. Hughes, prime minister of the Australian federal government, has promised his support in the nomination of a woman to represent Australia in the assembly of the league of nations.

VANOSS

School eld Friday with the Township fair, which was said to have been the best in the county. Two ball games were played in the afternoon, the score of the first game between Vanoss and Latta being 14 to 5 in favor of the Home team. The next game, played between Vanoss and Oakman, was lost to the visitors, the score being 4 and 1.

Miss Esther Sutherland left for Blanchard Monday where she will visit friends.

Miss Bertha Eaves of Stratford visited her sister, Mrs. Maggie White Friday, Saturday and Sunday.

Clyde Griffith of Oakman visited his parents during the week-end. Ercy Owensby spent the week-end with his parents, returning to Norman Monday.

Miss Frances White left Monday to visit relatives at Stratford.

Ray Auten and Leon Lynn spent Saturday night with friends at Fitzhugh.

The teachers, Misses Grace Watts, Meta Blackwell, Thelma Jeffress and Connie Clark, left Sunday for their respective homes.
